16. Action being taken to improve the Quality of Education-

1. Subject wise list of low achievers has been prepared.
2. Doubt clearance sessions are conducted before every exam.
3. With the help of thoroughly analysis of answer sheets topics are identified in which students are having problems.
4. Teachers, who are not teaching in that particular class, are contacting parents to get feedback about the students' studies.
5. Remedial periods are created and teachers are deputed for these classes with a clear instruction about topics need to be taught. To improve the effectiveness of these classes, goals and rules are set, positive reinforcement and active participation will be ensured. Regular feedback about remedial classes will be provided to parent.
6. Teachers are created small -small targets for academically week students. After completion of one target another target given to the respective student.
7. In class I to VIII remedial periods for maths and English (03 days each) are going on.
8. In class X mainly focus is on science and maths. Both subjects are given 03 extra classes each to improve the performance of students.
9. Sample papers of CBSE are thoroughly analyzed and previous years questions are provided to students to prepare them for board examination.
10. Maximum participation in sports and extra co-curricular activities.
11. Educational tours, field trips are been organized for extra learning.
12. Personal meeting with the parents and low achievers by the Principal.
